

## Pocket PEA

### Rapid Screening Chlorophyll Fluorimeter

- ✓ Ultra-portable chlorophyll fluorescence measurement system
- ✓ Rapid screening capability with single button operation & storage of up to 200 full data sets
- ✓ Automatic calculation of parameters including Fv/Fm & OJIP analysis
- ✓ Robust enclosure with sealed, high intensity optics
- ✓ 100kHz sampling frequency with 16bit resolution
- ✓ Bluetooth wireless data transfer as standard
- ✓ Powerful Windows® data transfer & analysis software included
